

SHAILDEVI MAHAVIDYALAYA ANDA, DURG

Recognized by NCTE New Delhi & Affiliated to Hemchand Yadav Vishwavidyalaya Durg(C.G)

CRITERIA 7.3.1

Shaildevi Mahavidyalaya established to provide quality higher education with social and moral values along with that it also increases employability to uplift the way of living in the region. We are working with dedication on girl's education which contributes half of the population of our country. Educating girls and empowering them is most powerful means of improving the social scenario, especially in the rural areas.

Shaildevi Mahavidyalaya vision and mission are oriented towards the holistic development of the students. Innovation, entrepreneurship programs, skill development certificate courses for transforming them socially, ethical, morally, responsible and develop them as productive citizens of our nation. The motive of our college is to make the institute zero discrimination region and spread the same message towards our society.

We are sowing the seeds of learning and development to make students self dependent and self motivated through career building and personality development. Along with education we are providing regular counseling and career guidance to conquer the challenges of student's life and overcome the doubts related to career opportunities.

Our college provides opportunities to students to express their interest and knowledge and explore their ideas along with developing creativity and skills according to best of their abilities. We provides platform to students for learning skills like: spoken English, computer, personality development, yoga, self defense along with that we prepare our students for competitive exams. These skill development facilities are provided free of cost under the banner of UTTHAN - the skill development program.

Due to the corona pandemic, the life of people has been very tough, school and colleges were closed and education of the students was on the stack, we as a institute understand the social responsibility and have conducted the corona awareness program in online and offline mode, medical camp, vaccination program, and social welfare works for the people of nearby villages.

Low cost Professional education is effectively implemented

Shaildevi Mahavidyalaya is a private college where professional courses are more like B.Ed, B.Sc.B.Ed, PGDCA, DCA, PG Diploma in Yoga and Philosophy and MSW whose fees are kept less than urban colleges as well as about 80% students of the college get scholarship. Apart from this, fee waiver is also given by the chairman of our institute according to the application especially to the students who belongs to low income background.

The foundation stone of Shaildevi Mahavidyalaya was laid as the base standard for the development of rural areas, the main objective of which is to identify girls who belongs to rural areas and connect them with the mainstream of higher education also prepare them for future challenges and develop professional skills. the number of female professors is maximum as compared to the male professors, as well as they help in providing employment to the students passed out by the college by appointing them as assistant professors in the college itself.

Gender sensitization

- It is our priority to provide safe environment of learning, for the students. Gender sensitivity is matter of concern in the society, we teach our students to be sensitive about the issue and be responsible.
- A separate common room is provided to the students to facilitate them for public discussion and interactive session.
- Women Cell and Anti Sexual Harassment has been created to address the women related issues. Committees address the issues with required sensitivity and take appropriate action.
- College organizes number of events to aware and motivates institution's for girls education and women empowerment.

Contributing towards the development of nearby villages

The college works tirelessly for the development of its nearby students of higher secondary schools. In this direction, every year since 2012 till now, the college organizes the event called as **SRIJAN** for holistic development of the school students. In this program Sports, Cultural Activates, GK Competition and many more events organize in the college. It is represented by the students of the college along with the professors if necessary, the sports officer of our college gives training to these students from time to time and their cooperation is provided in regional, state and national level sports. School students are also motivated for higher education by visiting the college.

Religious festivals boosting spirituality among students

College organizes religious cultural events such as Janamastami, Saraswati Puja, Tulsi Vivah, Guru Parva, Holi Christmas, Viswakarma Puja and Eid. It boost up the religious influence on organizational culture, engage students in cultural activity and contribute in holistic development of the students. The prime objective of the events is to develop a rich cultural and spiritual environment among the students and teach students respecting religion of each other.

Transport facility to needy students and faculty members

More than 50 village students are studying in the college; most of them are using public transportation up to bus stop. The college facilitates students to reach college from bus stand in free of cost. The college also provides their own transportation facility for students and staff as well.
